The Limited Edition Cavalier Calibre  
Every once in a while something really  
special comes along and turns everybody's  
head. Something that is so rare and  
distinctive. Something that really stands  
out from everything else on the road.  
Something that you have never seen before.  
That something is the exclusive Limited  
Edition Calibre.

### **The Beauty of the Beast**

The Calibre has been styled along the sleek lines of the Cavalier – already a success story in its own right. But to make this even more of a special event in motoring, only 500 Calibres will be produced. Finished in striking Carmine red, the Calibre features a superbly engineered 2.0 litre fuel-injected engine with a top speed of 120 mph. Braking power is equally decisive with extra large discs for superb driving control. And fitted with Irmischer springs for lower suspension, the Calibre gives extremely positive handling. Inside, the Calibre has the look and feel of a sophisticated sports

car complete with Chicago velour trim. In fact, it has the highest level of equipment of any Cavalier to come out of the Vauxhall stable; including power steering, electric windows and 7 function trip computer. While outside, the sleek lines of the Calibre have been sculptured jointly by Irmischer Cars and Aston Martin-Tickford. It features uniquely styled spoilers, mouldings and rocker panels to give a distinctive image of crafted motorway muscle at its finest.

The Calibre is powered by the much acclaimed engine from the Cavalier SRi 130. And the

motoring press are amongst its biggest fans.

“From 2,000 rpm the engine pulls very strongly and the urge is maintained right up to the point where the new rev limiter cuts in.” **Motor Magazine**

“The extra capacity brings about a substantial increase in performance.” **What Car? Magazine**

“The engine spins so sweetly past the 6,000 rpm mark – with little apparent drop in power.”

**Motor Magazine**

“The combined effect of the power and gearing is to give a steady flow of insistent acceleration which begins to subside only beyond 100 mph.”

**Motor Magazine**

## Specifications

### Engine

2.0i 1998cc overhead camshaft, 4 cylinder. Bosch ML4 Motronic Engine Management System. Power (max): 130PS (95kW) @ 5600 rpm. Torque (max) 132.8.lb.ft. (180 Nm) @ 4600 rpm. Computer controlled fuel injection and ignition. Compression ratio: 10-0:1 Hydraulic tappets, alloy cylinder head, electric cooling fan.

### Performance

Top speed 120 mph

### Transmission

5-speed close-ratio gearbox.  
Mechanical, asbestos-free, single plate clutch.  
Front wheel drive.

### Gear ratios

1st	2nd	3rd	4th	5th	Rev
3.42: 1	2.16: 1	1.48: 1	1.12: 1	0.89: 1	3.33: 1

Final drive ratio 3.55: 1

### Suspension

Front: Lowered suspension with Irmischer springs. Macpherson struts with gas pressure dampers.

Anti-roll bar.

Rear: Lowered suspension with Irmischer springs. Compound crank. Gas pressure dampers. Anti-roll bar.

### Steering

Rack and pinion power steering. Energy-absorbing steering column. Turning circle 33.1ft (10.1m).

### Brakes

Uprated servo and ventilated front discs.

Front: 10.1in. dia. disc brakes with floating calipers.

Rear: 7.9in. dia. self-adjusting drum brakes.

Pressure conscious reducing valve. Handbrake-on and low brake fluid warning light. Plastic coated brake pipes.

### Fuel capacity

13.4 Imp. gallons (61 litres).

### Electrics

12 volt negative earth system. 65 amp alternator.

44 Ah maintenance-free battery.

## Body

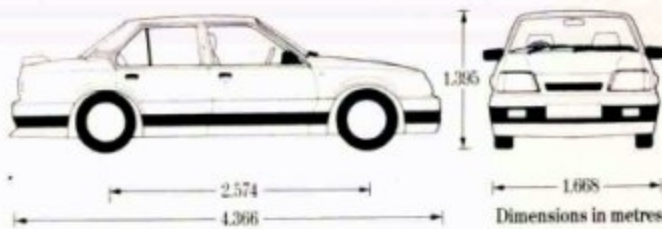

All steel body with extensive anti-corrosion protection. Safety crumple zones, front and rear. Rigid passenger safety cell.

Single two-way key operated locks, ignition and fuel cap. Burst proof door locks. Child proof locks on rear doors.

## Wheels/Tyres

5½J × 14 Alloy wheels

195/60 HR 14 ultra-low profile radials.

## Usable Boot Capacity (cu.ft.)

18-0

## DoT Fuel Consumption Tests

### Mpg (Litres/100km)

Fuel consumption data for Vauxhall-Opel passenger cars

officially certified by the United Kingdom Government as required by the Passenger Car Fuel Consumption Order 1983

	Simulated	Constant Speed	
	Urban	56mph	75mph
	Driving	(90km/h)	(120km/h)
Manual 5-speed	28.0(10.1)	45.6(6.2)	35.8(7.9)

## Features

### Exterior

- Power assisted steering
- Electrically operated windows front and rear
- Electrically operated aerial
- Alloy road wheels
- Ultra - low profile tyres
- Laminated windscreen
- Green tinted glass with windscreen shadeband
- 4-door central locking
- Sliding/ tiltable glass sunroof
- Halogen headlamps
- Front halogen fog lamps
- Twin reversing lights
- Hazard warning lights
- Twin rear fog lamps
- Heated rear window
- Remote electric boot release
- Twin electrically adjustable and heated door mirrors
- Locking fuel cap
- Two tone horn
- Spoilers and mouldings by Irmischer
- Oval exhaust pipe
- Calibre decal.

## Interior

- 7 function trip computer
- Rear centre arm rest
- Quick release front seat head restraints
- Height adjustable front seat belts
- Sports front seats
- Driver's seat height adjuster
- Security coded DC 751 stereo radio/cassette - 4 speakers
- Cassette storage facility
- Rev counter
- Tilttable steering column
- Courtesy light with integral map reading lights
- Courtesy light with delay cut-off
- Lights-on warning buzzer
- Quartz clock and cigar lighter
- Lockable glovebox
- Air blend heater with 3 speed fan
- Adjustable face level air vents
- Dipping rear-view mirror
- Vanity mirror
- Illuminated glovebox and load area
- Underbonnet lamp
- Chicago velour cloth seat trim
- Sports steering wheel
- Instrument panel light dimmer
- Carpeted boot side panels.

## Colour

Carmine red with grey Chicago velour trim.
